How to fundraise online  
Instructions for students and parents

This year we have a brand new way for you to fundraise online. You can set up a personal page featuring photos and stories about Jump Rope for Heart and invite your family and friends to visit and sponsor you online.

Set up your personal page

1. Follow the link provided by your teacher to your school's page.
2. Click the blue ‘Kids join now’ button on the top left of the screen.
3. Ask your parent or guardian to fill in the permission form and accept the terms and conditions.
4. Fill in your name, phone number, email address (this will be your login) and password.
5. Fill in a name for your page (this should include your name, e.g. “John Smith’s Jump Rope for Heart page”), your preferred name, your birthday and address.

Your page is now ready! You’ll be automatically taken to your own personal Jump Rope for Heart page. There are lots of cool things you can do here, just look through the instructions below.

Personalise your page

Your personal page is where your friends and family can sponsor you for Jump Rope for Heart and help you reach your fundraising target. Make it look good by uploading photos and writing about why you’re excited to get skipping.

1. You should see a blue section in the middle of your page. Click ‘Upload a profile photo’ to start personalising your page.
2. Follow the onscreen prompts to upload your photo, set your fundraising goal and write about why you’re participating in Jump Rope for Heart this year.
3. Once you’re finished, click ‘Save’ at the bottom of your screen. You should now see all your details and photos on your page.

Now that your page looks good, it’s time to spread the word and start fundraising!
Share your page

1. Click the ‘Share’ button next to your photo.

2. Use the drop down menu to send emails to your friends and family, or ask your parents to share your page on Facebook or Twitter.

Other fun stuff you can do on your page

- Keep your friends and family up to date with your skipping progress by writing regular updates and uploading photos.

- As you get closer to your Jump Off Day, remind friends and family to sponsor you by clicking the ‘Share’ button next to your photo.

- If someone sponsors you their name will appear in the newsfeed on your page. Make sure you thank them!

- If you hit your fundraising target, why not increase it? Simply click the ‘My goal’ text in the grey bar next to your photo and make it a bit higher.
