What’s New?

Dear Parents and Carers,

We are introducing our school community to SMS notifications and Electronic Newsletters in 2017.

SMS
Townsville Central is launching a SMS notification service which will notify parents if their child has not presented at school. The text will only be sent IF the parent/carer has not informed the school of the absence.

The commencement of SMS notifications will be Monday 23rd January 2017. Parents need to either contact the school or reply to the SMS with the reason why the child is not at school.

Please consider which parent/caregiver would be better suited to receive the SMS notification and tick the correct box below. In the instance of shared custody it would be advisable for both parents to give permission for SMS notifications. If you would like to discuss this please contact the school office.

ELECTRONIC NEWSLETTER
In 2017 we will be launching our electronic newsletter. Please make sure your email is correct on the attached form and return the form to the school office.

What do you need to do?
Please update your details on the attached form ASAP to ensure you will receive absence notifications. We need to ensure all information regarding address, phone numbers and emails are correct for each parent.
MORE DETAILS TO COME!!!!!!!!!

Please return the attached form and below note ASAP to the Admin office.

-- Craïg Homer
Principal

-------------------------------------------------------------------------------------
